COMPREHENSIVE BILLING SOLUTIONS IS NOW SUDACO

Leading Medical Practice Support Company's New Name Reflects Evolution of Services

SARASOTA, Fla., October 31, 2008—Comprehensive Billing Solutions will be renamed Sudaco Physician Solutions, effective immediately. The name change is accompanied by a new Web site at www.sudaco.com.

The renaming of Comprehensive Billing Solutions to Sudaco Physician Solutions reflects an expanded offering of not only billing services but also electronic medical records services. Sudaco Physician Solutions is a leading physician accounts receivable management company with clients throughout Florida.

The Sudaco name gives the company a shorter, more contemporary moniker while paying tribute to a family name derivative that was part of the original incorporation.

“This is an exciting day,” said Sudaco president and founder, Susan Coles. “With our successful track record, changing the name is a decision we did not take lightly. We are proud of our growth and wanted our name to reflect who we are and our expanded capabilities.”

Businesses and individuals can learn more at www.sudaco.com or contact Sudaco

Physician Solutions at 941-379-7872.

###

Sudaco Physician Solutions is located in Sarasota, Florida and performs billing and collection functions for physician practices. The firm's expertise in medical billing methods, a comprehensive knowledge of regulatory processes, and their innovative, Web-based management and medical record application systems work together to enable physicians to protect and grow their practices.
